Expected outcome:

Fresher's Day celebrations make juniors and seniors to mingle with each other and develop a friendly atmosphere. Students who are from rural areas are hesitant to interact when they get into professional colleges. Seniors should receive fresher's in a friendly manner and at the same time have to retain their seniority by advising juniors in a proper way with respect to their behavior towards the teaching and non-teaching faculty as well as other seniors in the campus. Cultural programmers bring unity among the students through good interaction.
