"Contemporary Modernization in Pharmaceutical Education"

Flaws in the present Academic system

- Entry of non-meritorious and inferior quality admissions.
- Non focused and unspecialized way of learning.
- Out dated curriculum and educational regulations.
- Lack of industrial and clinical exposure. Capacity building Industrial Training
- Unskilled ways of practical and lab training in the institute
- Research output from Indian educational labs rarely lead to commercialization and revenue generation.
- Institutional base of research in India is extremely narrow
- Serious research is limited to a few 'elite' institutes.
