

Program / Celebration Report

Name of the Program Conducted: Cancer Awareness Program

Relevant Occasion: "National Women Health and Fitness day." (28th September 2022.)

Date & Time: 29th September 2022 Thursday at 4.00 pm

Venue: Seminar Hall, DBCOP, Nagpur.

Relevance to Pos: II, III, IV, V, VI, VII, VIII, IX, X, XI

Objectives: To spread Cancer awareness among women's in nearby villages.

Beneficiary: Women from Velahari, Pipla and Besa grampanchayats are primary beneficiary of the program.

Program organizing committee: DBCOP Women Development Cell.

Abstract:

On the occasion of "National Women Health and Fitness Day," DBCOP Women Development Cell organized a "Cancer Awareness Program" in association with "Stop Cancer Mission" for women from Velahari, Pipla, and Besa grampanchayats. Dr. Kiran Sonekar, Project Director of Stop Cancer Mission, and Mr. Pravin Naidu, Administrative Director of Stop Cancer Mission, were the resource persons for this session. Dr. Kiran Sonekar thoroughly described the causes, pathophysiology, diagnostic tests, and treatment of cancer. He also shared information about local cancer treatment centers where low-cost diagnostic tests and treatments can be performed for needy people. This instructive session was highly beneficial, as DBCOP employees and about 50 ladies from the grampanchayats of Velahari, Pipla, and Besa were enlightened on cancer awareness.

Outcome (Feedback Analysis):

The DBCOP Women Development Cell started a program to educate women in surrounding villages like Velahari, Pipla, and Besa about cancer in women. As a result, about 50 women got information about the causes, diagnosis, and treatment of cancer as well as the availability of nearby hospitals for treatment. Benefits of this "Cancer awareness programme" were received directly by 50 women and indirectly by their families through this awareness campaign. A few of these women have also signed up for "Stop Cancer Mission" membership cards in order to get benefit from a variety of services like inexpensive diagnostic tests and doctor consultations.
