

GPAT Test 05: 14/08/2020

* Required

1. Full Name *

2. I am in *

Check all that apply.

- ☐ B. Pharm. Second Year
☐ B. Pharm. Third Year
☐ B. Pharm. Final Year

Question Paper

3. The first step in PCR is

1 point

Mark only one oval.

- ☐ Denaturation
☐ Primer extension
☐ annealing
☐ none of these

4. The first human protein produced through recombinant DNA technology is

1 point

Mark only one oval.

- ☐ insulin
☐ erythropoietin
☐ interferon
☐ somatostatin

GPAT Test 06: 02/09/2020

* Required

1. Full Name *

2. I am in *

Check all that apply.

- ☐ B. Pharm. Second Year
☐ B. Pharm. Third Year
☐ B. Pharm. Final Year

Medicinal Chemistry

3. Which of following drug show polymorphisms?

1 point

Mark only one oval.

- ☐ Lorazepam and alprazolam
☐ Zolpidem and zalepon
☐ Chloral hydrate and diazepam
☐ Phenobarbitone and pentobarbitone

4. Which of the drug is used in status epilepsy

1 point

Mark only one oval.

- ☐ Diazepam
☐ Secobarbitol
☐ Zopiclone
☐ Paraldehyde

GPAT Test 07: 10/10/2020

* Required

1. Full Name *

2. I am in *

Check all that apply.

- ☐ B. Pharm. Second Year
☐ B. Pharm. Third Year
☐ B. Pharm. Final Year

Question Paper

3. Which one of the following local anesthetics belongs to the ester group?

1 point

Mark only one oval.

- ☐ Procaine
☐ Bupivacaine
☐ Lignocaine
☐ Mepivacaine

4. Which of the following will result from blockade of H₂ receptors?

1 point

Mark only one oval.

- ☐ Decreased camp in cardiac muscle
☐ Increased camp in cardiac muscle
☐ Decreased IP₃ in gastric mucosa
☐ Increased IP₃ in gastric mucosa

GPAT TEST 03

3. 1. The general structure of all amino acids are same except for _____ a) 0 points
Lysine b) Glycine c) Proline d) Alanine

Mark only one oval.

- ☐ Lysine
- ☐ Glycine
- ☐ Proline
- ☐ Alanine

4. 2. Which of these amino acids are not optically active? 0 points

Mark only one oval.

- ☐ Cysteine
- ☐ Lysine
- ☐ Arginine
- ☐ Glycine
