Subject: Invitation as a speaker during guest lecture on '**Introduction to Clinical Data Management**' organized by DBCOP on 12th December 2020 at 12.00 am.

Dear Sir,

As you are aware, Dadasaheb Balpande College of Pharmacy Besa, Nagpur is one of the premier institutions in Central India for offering quality education in Pharmaceutical Sciences. We aimed to be the best Pharmacy institute in Central India. In this connection we regularly organize awareness programs to upgrade knowledge of our final year student and staff members to give them larger exposure.

With this reference, it gives me an immense pleasure to invite you as a speaker during guest lecture on '**Introduction to Clinical Data Management**' organized by DBCOP on 12th December 2020.

Looking forward for your positive confirmation to our invitation

Regards,

Mahajan

Program / Celebration Report

Name of the Program Conducted: Guest Lecture (Online expert talk)

Speaker: Mr. Pravin Hadole, CDC, Icon clinic Research India, Trivendrum, Kerala.

Topic: Introduction to Clinical Data Management

Relevant Occasion: Pharmacovigilance awareness

Date: 12/12/2020 **Venue:** Online platform

Relevance to Pos: I, II, III, IV, V, VI, VIII, IX, XI

No. of students - 25

Objectives:

1. To provide insight and overview of CDM to students.
2. To explain working in CDM.

Beneficiary: Students, Institution

Program organizing committee: Department of Pharmacology

Expected outcome:

Clinical Research is an inevitable part of the healthcare market world over. Whole healthcare industry from pharmaceutical producers to consumers, all trust the credibility of trials done and safety data accumulated by the Clinical Research group behind each new drug, cosmetic product, food supplement or any other healthcare consumable product or device launched in the market. Clinical Research is a hugely dynamic field of work and thus, dynamism is also expected to be nature of its employees. Thus only subject knowledge does not suffice to enter, sustain and grow in the field as vast and as challenging as clinical research.

Through this guest lecture students understand collection of the concepts of the clinical data processing in IT pharmaceutical industry.
