Subject: Application regarding Industrial Visit of B. Pharm. and M. Pharm. Students.

Reference: - As per telephonic conversation with Mr. Vijay Thombare, Sr. Manager, PV-BDA Healthcare, Nagpur

Dear Sir,

I would like to inform you that Dadasaheb Balpande College of Pharmacy (DBCOP), Besa, Nagpur is a premier institute in central India offering quality education. As per academic curriculum, it is mandatory to conduct the Industrial visit of Pharmacy students to get acquainted with the various aspects of manufacturing & research of pharmaceuticals. DBCOP has mutually signed Memorandum of Understanding with BDA Healthcare Pvt. Ltd. Therefore I am requesting you to permit the students of DBCOP (total No. 100) accompanied with two faculty members for Industrial Visit at any suitable date as per your convenience in between 15th to 19th March 2022.

I would like to bring your attention that Industrial Visit cannot be possible on 12th March 2022 due to unavailability of bus permit which require two working days to obtain the permit.

Thanking you!

Yours faithfully,

INDUSTRIAL VISIT REPORT
ACADEMIC YEAR 2019-20

On 21st of December 2019, 17 students of B. pharmacy final year along with 2 faculty members of Dadasaheb Balpande College Of Pharmacy, Besa, Nagpur visited Soft Gel Health Care Pvt. Ltd Industries, Chennai. We left college and travelled in a comfortable train and bus with students and two teachers to guide us. First, we headed to Soft Gel Health Care Pvt. Ltd Industries.

SOFT GEL INDUSTRY

We arrived at soft gel industry at 12:30 PM. In soft gel industry we had one meet with their Human resource. They gives us the idea about various technology used in their industry, they shows us the machineries used for formulation purpose etc. Also they shows the complete video recording of the industry so that we can understand working of each and every instruments as well as their standard optimization parameters.

Later they shows their manufacturing unit under guidance of their expertise person. They given us complete idea about live working of instruments. What types of blender, dryer, film forming machines are used for the production etc.

Later we are visited to their packaging unit. Before giving entry to packaging unit they guide us how to maintain the sanitization of the area. They provides us the caps, mask, foot mask to avoid the contamination of the unit. After that they shows the analysis lab of the laboratory giving idea about uses of HPLC, Spectroscopic techniques for the purification of the solvent.

Soft gel provides outstanding solution to the pharmaceuticals and nutraceutical industry. The industry dedicated the encapsulation facility for manufacturing of soft gelatin capsules. With this plenty of knowledge we take leave of the industry.
